

**FOUNDATIONS FOR SUCCESS, INC.**

**Fun, affordable educational experiences in STEM.**

## **SPONSOR A KID WITH SPECIAL NEEDS**

*Foundations for Success, Inc. is dedicated to providing hands on STEM programming to kids, as well as provide access to STEM professionals who show them how our projects apply to real world scenarios.*

***Our Campaign, STEM is Childs Play is dedicated to providing this programming to ALL kids, especially our kids with special needs.***

*We would like you to sponsor our special needs kiddos with VR Glasses for the small price of \$9.99 (or more). Your sponsorship will also go toward purchasing materials for projects for our program. When you sponsor a kid, we will put your name on our website thanking you for your sponsorship.*

*Your support can really make a difference for kids who don't have access to regular STEM programming, yet they have lots of potential that needs to be nurtured.*

*Thank you in advance and check out a video of our kids to see what we do.*
